THIRTEEN MEN DEAD WHEN MONSTER OIL GUSHER EXPLODES

Flames Leap 100 Feet in Air; Make Men Living Torches

(By The Associated Press)
CORSICANA, Texas, May 9.—Death has claimed at least sixteen dead as a result of the Navarre county gusher explosion today, it became known tonight when three smoldering skeletons were seen at the well by investigators.

CORSICANA, Texas, May 8.—Instantaneous death was meted out to at least thirteen men, working on the G. K. Hughes developing company's McKee No. 1 well, ten miles southeast of here late today, with a possibility of the number of dead reaching 25 when the monster producer exploded.

A spark from a hammer of a rock as the control valve was being changed at the well ignited the oil and gas from the gusher.

A crew of twenty men who came from Mexico this morning have not been accounted for. The crew was working in the near vicinity of the well when it caught fire. The bodies of five men have been recovered.

List dead:
Ban Phillips, 35, Kerens, Texas.
James Phillips, 32, Kerens, Texas.

Travis Owens, 30, Kerens, Texas.

L. C. Cook, 30, Kerens, Texas.
Max Mesner, 30, Kerens, Texas.
S. P. Allen, Corsicana, Texas.

W. A. Hicks, Wortham, Texas.
E. C. Cooper, Corsicana, Texas.
Jack Cooper, Corsicana, Texas.
Fred Craig, Corsicana, Texas.
M. O. Turner, Norris, Miss.

L. P. Sheek, Dallas, Texas.
Burned probably fatally:
Emmett Bird, Corsicana, Texas.
Six burned and twisted bodies, charred beyond recognition lay in local morgues and at least five bodies are reported lying near the well tonight. The heat of the flaming oil and gas was so great the bodies could not be removed.

One man who escaped with his life by dashing through a pool of water as his oil soaked clothes blazed was in the hospital. His condition is serious.

Smoke from the fire was easily visible for thirty miles. The well was estimated to be flowing at the rate of 5,000 barrels of oil and 2,000,000 feet of gas when the flash came and the flames shot 100 feet or more in the air.

The workmen's clothing were oil soaked. They became living torches at the first touch of the blaze. Some of the bodies recovered were charred.

One man, a Mr. Simmonds, who was on the derrick floor with the crew, escaped by running. His clothing, not being oil soaked, did not ignite. A fifteen year old boy escaped with him.

The officials of the developing company are making a check of the men working.

The fire started about 3 o'clock this afternoon while hundreds were in the vicinity of the well. A number of automobiles near the well were reported to have been destroyed by the fire.

According to an eye witness the crew was on the derrick floor changing the control head when suddenly there was a flash followed by two other flashes, the fire shooting over 100 feet in the air. In a second everything within several hundred feet of the well was on fire. All trees and shrubbery around the well were saturated with oil and the ground was quickly burned clear. A great pool of oil near the well also boiled skyward quickly.

The fire continued late tonight and the shaft of light could be seen for many miles. The smoke of the burning oil was settling over the surrounding country, giving the appearance of a big storm cloud.

Boilers and fire fighting apparatus were being rushed to the well tonight. Little danger of the fire spreading was evidenced as the well is a mile and a quarter southwest of the center of the field.

GOVERNMENT TO APPEAL FROM N. Y. COURT DECISION

Alleged Sugar Conspiracy Case to Go to High Court

(By The Associated Press)
WASHINGTON, D. C., May 9.—An appeal to the supreme court "in the shortest possible time," Attorney General Daugherty announced today, will be taken by the government from the New York court decision denying an injunction to prevent speculation on the New York sugar market.

Attorney General Daugherty's statement was made after a lengthy conference with his assistants. The attorney general and his staff were not officially informed whether the New York decision today was in the necessary final form to take an immediate appeal, and as a result, the next step in the government's fight against the alleged sugar conspiracy was undetermined.

Mr. Daugherty and assistant attorney general, Seymour, who has had charge of the sugar proceedings said that receipt of the court's opinion was awaited to determine further action.

"The sole purpose of the government," said Mr. Seymour, "is to expedite this case to a final hearing."

The attorney and Mr. Seymour said that the department of justice was responsible for using all measures within the law to protect the public against exorbitant sugar prices. If the law should be found deficient and so determined by the supreme court their view was that the department would have met its responsibility, leaving further action for extension of the law or amendment up to congress.

Department of justice officials, manifesting no disappointment over the adverse turn taken at the outset in the government's suit, declared the principle involved was whether the law now gives the government a remedy to protect the public against gambling in the vital necessities of life. Despite the denial of a preliminary injunction, they contended the government theory of the suit was sound.

KEEPING SPECTATORS AWAY SAVED MANY

(By The Associated Press)
KERENS, Texas, May 9.—Spectators being kept from the derrick of the well on the McKee lease which ignited this afternoon prevented the loss of life being greater. Between 400 and 500 persons were in the vicinity, watching at a distance the efforts of three drilling crews to put the well under control.

None of them were certain as to how the fire started. Their stories agreed that there was a huge volume of smoke which filled and hid the oil soaked derrick. This was followed by the terrific concussion of an explosion and the smoke gave way to flames shooting high into the air.

Some of the workmen were seen to be lying where they had been thrown by the explosion, apparently lifeless. Others were making efforts to escape. The struggles of most of them were said to have ceased in three to five minutes. Some of those nearer the burning well said they could hear the cries for help but the heat of the blaze kept rescuers away.

L. C. Cook, a head driller of one of the crews, was seen to dash away and jump into some water nearby. He died on the way to the hospital.

The exact number at work in and around the derrick at the time was hard to determine as S. P. Allen, one of those killed was said to be the only one known to have the number and names of the crews.

The well came in unexpectedly Tuesday night and because of lack of control and storage facilities had made a lake of oil about 3 feet square. This became a mass of flames immediately.

POLICE SEEK WISCONSIN GIRLS

ROCKFORD, Ill., May 9.—Police of northern Illinois and southern Wisconsin tonight are searching for two Beloit, Wis., girls, one of whom is suffering from a serious illness, who disappeared from their homes Tuesday. They are Lucile Columbus, 13, and Helen Lynch, 14. Trace was found of the girls in Belvidere when a third girl who accompanied them when they left home, returned to Beloit with the explanation that she was homesick. It was found that the girls had stopped at a Belvidere hotel, obtained a job in a factory but left a few hours later presumably for Chicago.

PASTOR REFUSES TO VACATE PARSONAGE

Waukegan, Ill., May 9.—When the doors and windows of the First United Evangelical Church of Highland Park were nailed up to prevent him from occupying the pulpit, the Rev. J. H. Kloss, former pastor did not complain but when he was notified to give up the parsonage, he objected and today filed an appeal to the circuit court here together with an appeal bond in the sum of \$1500.

OFFICIALS FEAR CHINESE CANNOT HANDLE AFFAIR

Doubt Ability of Pe- king Government to Pay Ransom

(By The Associated Press)
WASHINGTON, May 9.—Comment here today on the Chinese situation revealed a doubt on the part of some government officials as to the ability of the Peking government to bring about the release of Americans and other foreigners taken prisoner by Chinese bandits and to pay the ransom demanded.

It was pointed out that none of Minister Schurman's reports had shown definitely what motive inspired the brigands. Whether they sought ransom in money or recognition and immunity was said to be a question, the answer of which would throw considerable light on the central government's ability to fulfill the obligations it has assumed. Information on this point is expected from Minister Schurman.

While the resources available to the Peking authorities are understood to be sufficient to ransom the prisoners in money, it was hinted that unless the money was paid by Saturday the progressive indemnity demanded by the diplomatic corps for every day the prisoners remain captive after that, continued over a period of a few weeks, probably would exhaust the finances of the central government.

An official report from the Peking foreign office, the first to be received here, was communicated by Minister Sze in person to Secretary Hughes today soon after his arrival in Washington from China. The report said the Chinese government was doing all in its power to effect an adjustment of the situation and Secretary Hughes was understood to have expressed gratification at the promises made by Peking but reiterated his primary determination that the American prisoners should be freed and delivered unharmed.

Reports that the bandits had released all women captives were confirmed by the receipt of dispatches from the American legation in Peking establishing that Mrs. Seaton and Miss Auld, two American tourists, on the wrecked train and still were unaccounted for.

Brigadier General William Connor, commanding the American forces at Tien Tsin, also added to the confusion in official dispatches by reporting that Major Roland Finger and Robert Allison were taken prisoners by the bandits, had not been heard from at the time his dispatch was filed last night. Press reports from China however, said that the two army officers had escaped and the two women were safe in Shanghai.

ARE PREPARING TO ABANDON STEAMER

(By The Associated Press)
SEATTLE, Wash., May 9.—Preparations to abandon the steamer Lake Gebhart on the rocks of which she struck near Unalutka reef early today, are being made by H. R. Owens, superintendent for H. R. Owens, the Alaska Steamship company said in a wireless message received by the company at 5 o'clock this afternoon. Tugs have been unable to dislodge Lake Gebhart when she struck reported in the message that she was resting in a cradle of rocks and that similar obstacles well to seaward prevented concerted action by tug boats. Rocks had penetrated the vessel's oil tanks.

The tug Hamaconna and the coast guard cutter Snohomish were standing by at the scene of the Lake Gebhart's trouble in the Pacific ocean, just south of the entrance to the strait of Juan de Fuca. The Lake Gebhart is of 2,800 tons.

FAIL TO PULL BOAT OFF ROCKS

Seattle, Wash., May 9.—An attempt tonight by the coast guard cutter Snohomish and tug Hamaconna to pull the steamer Lake Gebhart from rocks near Unalutka reef where she struck early today, failed, a radio message received here at 9 o'clock states. Another attempt to float the steamer is to be made tomorrow morning.

AVIATOR MARRIED IN LOS ANGELES

Los Angeles, May 9.—Lieutenant John A. MacReady, who with Lieutenant Oakley G. Kelly flew the monoplane T-2 across the continent without stopping, was married late today to Miss Nellie Jay Turner of Columbus, Ohio. Lieutenant and Mrs. MacReady will make their home at Dayton, Ohio, where Lieutenant MacReady is stationed.

EGG HURLED AT FOSTER HITS WOMAN

New York, May 9.—Undaunted by the fact that an egg hurled at him missed its aim and struck a woman beside him, William Z. Foster, labor leader, whose trial on a charge of criminal syndicalism ended with a hung jury at St. Joseph, Michigan, a few weeks ago, completed his address to students at Columbia University in a cafeteria on the campus today.

Foster declared his recent trial was the result of efforts of capital to "put me out of the way."

Legislators Wrestle With Many Measures

(By The Associated Press)
SPRINGFIELD, Ill., May 9.—Co-operative marketing and the state pay rolls occupied attention of the house of representatives today, and the senate devoted its deliberations to salaries of supreme court judges and the Meents \$100,000,000 road bond bill.

When the lower house adjourned at 6:30 p. m. and the senate quit at 7 p. m. the Meents bill and the "co-operative" measure still were "in the air." With prolonged opposition to both measures in sight, the assemblymen deemed discretion the better part of valor and went to dinner.

Before adjournment the senate had passed the Essington bill maintaining the present tax levies for Chicago and down state cities for three more years, and the Dailey measure increasing salaries of supreme court judges from \$10,000 to \$15,000. The vote was forty-four to two on the Essington bill, Senators Barr, administration leader and Kessinger voting no. Governor Small told Chicago aldermen recently that he was opposed to the high tax rate for Chicago and indicated he would veto the bill if it stands.

The Essington bill was rushed to the house tonight and there advanced to first reading without reference to committee, an identical measure by Representative Igoe, Chicago, being on second reading.

Opposition was encountered in the house by the senate co-operative marketing bill, coming chiefly from Chicago members, including T. J. O'Grady, democrat, M. F. Igoe, democrat, and Elmer Schaefer, republican. But the bill's friends led by Chairman Tice of the agriculture committee, a farmer, mustered the strength to defeat amendments they considered dangerous, and are confident they can send it to third reading tomorrow without essential change.

Several amendments were adopted tonight, but all except one were minor, and that one accepted by Mr. Tice after some discussion. It requires that unanimous vote of members of co-operative associations already organized must be secured for the associations to join those organized under the proposed law. The bill originally required only a majority vote.

When the bill is taken up in the morning an amendment of Representative Frank McCarthy, republican, Elgin, will be the first considered. It strikes out the section penalizing by fine and imprisonment persons who knowingly circulate false reports concerning a co-operative association. Several other amendments are in prospect.

"Co-operative" bill supporters had a majority of about ten votes on roll calls today, but fell short of the 77 votes required for passage.

The road bond bill, drawn by Governor Small, was called on second reading and several amendments adding mileage to the routes added. On one such amendment by Senator Gillen, of Murphysville the administration forces voted against it but were defeated.

Senator Dunlap, republican, Savoy, had pending at adjournment a proposal to pay cost of the new road system solely from automobile licenses and eliminate the bond proposition. He also proposed that road construction be limited to 500 miles a year instead of 1,000.

"If this bill is a scheme to further somebody's political campaign," he said, "I don't want to have anything to do with it."

His amendment met opposition from Senators Meents and Barr and went over until tomorrow. It is believed they will be able to defeat this amendment and secure the bill's passage.

Senator Geary, republican, of Springfield, will offer tomorrow an amendment to make the bill for \$150,000,000 worth of bonds, as he believes the system proposed cannot be constructed for less.

MANY KINDS OF WEATHER THRUOUT UNITED STATES

East Shivers, West Swelters, Snow in Central Part

(By The Associated Press)
CHICAGO, May 9.—While the east shivered and the west sweltered, the central west, covered this morning by a blanket of snow, was treated by capricious May to moderate weather although still below the seasonal normal.

The weather bureau here predicted warmer weather for the forecast area tomorrow and indicated that normal May temperatures will return before the first of next week, following the freezing of last night and the snow which at times approached the proportions of a mid-winter blizzard.

While several eastern cities reported snow flurries today the western snow of the country was basking in the warm weather that set May records at some points yesterday when the thermometer sailed over the 100 degree mark.

The snow which covered most sections of the middle west this morning and at points in Michigan reached a depth of 10 inches here today. Despite the cold weather, it was reported that crops and fruit would not be materially damaged for the reason that they were behind the seasonal normal, due to the cold spring.

BISHOP NICHOLSON AND WIFE TO GO ABROAD

Chicago, Ill., May 9.—The Board of Bishops of the Methodist Episcopal church at its semi-annual session appointed Bishop Thomas Nicholson, Chicago, Ill., as delegate to the Irish Wesleyan Conference at Cork, Ireland, June 13 and to the British Wesleyan Conference July 18 at Bristol, England.

Mrs. Evelyn Riley Nicholson, wife of Bishop Nicholson, president of the National Woman's Foreign Missionary society, has been appointed a delegate from the North American Missionary society to the World Missionary Conference at Oxford, England, July 9 to 17.

Bishop and Mrs. Nicholson expect to sail early in June for England.

MEMORIAL SERVICE FOR BISHOP TUTTLE

(By The Associated Press)
ST. LOUIS, Mo., May 9.—A memorial service will be held next Sunday in honor of the late Right Reverend Daniel S. Tuttle, presiding bishop of the Methodist Episcopal church. It was announced tonight. The service will take place at Christ Church cathedral here, the preacher being the Right Rev. William Lawrence, DD, bishop of Massachusetts, and an old friend of the deceased prelate. Bishop P. F. Johnson of Missouri and Dean Scarlett of the Cathedral are on the program to conduct the service.

FIRE AT PANAMA CAUSES \$25,000 LOSS

Pana, Ill., May 9.—Fire of unknown origin in the heart of the business section here early this morning caused a loss estimated at \$25,000. A stiff gale fanned the flames.

SIOUX CITY GETS MOOSE CONCLAVE

Topeka, Kansas, May 9.—Sioux City, Iowa, was selected for the next annual regional conclave of the Loyal Order of Moose, at the final business session of the conclave here.

AMERICAN WOMEN ARE RELEASED BY CHINESE BANDITS

One is Sister-in-Law of John D. Rockefeller, Jr.

(By The Associated Press)
TIEN TSIN, May 10.—(1:15 a. m.)—Miss Lucy Aldrich, sister-in-law of John D. Rockefeller, Jr., arrived here on the late train from Tsinanfur, enroute to Peking. She was accompanied by Miss McFadden and Miss Schoenberg. Dr. H. S. Houghton of the Peking medical college, in charge of the party recounted briefly Miss Aldrich's experiences as she had related them to him.

As soon as the bandit gang left the train Sunday morning with their captives in their midst Miss Aldrich was separated from the other foreign prisoners and led off into the hills with a band of Chinese captives. One of these, she said, unable to keep up with the remainder was shot by the bandits and the body left beside the trail.

On reaching the robbers' hill stronghold, Miss Aldrich was taken to a village where she was treated kindly by the Chinese women. Next morning a Chinese escorted her toward the railway and thence to Tsinanfur. Miss Aldrich said she did not know why she had been released.

At Tsinanfur she found Miss McFadden.

Dr. Houghton said he had learned that Major Roland Finger, one of the American captives, was unwounded although previous reports had stated that he had been injured. The major had been separated from his young son, who was being cared for by another foreigner, the doctor added.

SEEKS TO PREVENT RECOUNT OF BALLOTS

(By The Associated Press)
CHICAGO, May 9.—Alleging that the present recount of ballots cast in the November 7 election will invalidate them for examination by a legislative committee, John J. Gorman, defeated Republican candidate for state representative from the sixth congressional district today sought to enjoin election commissioners from taking the ballots from the vault. The action was brought in the United States district court.

The bill charges that seventy persons are now handling the recount and that this will make the ballots invalid for presentation to the legislative committee which must decide the state representative contest.

The suit was filed against James R. Buckley, the successful Democratic candidate; Robert M. Switzer, county clerk; Harry R. Lipsky, Robert McKimley and Anthony Carnecki, election commissioners, and Thomas G. Gary, chief clerk.

Federal Judge Wilkerson who heard preliminary arguments on the suit, continued the hearing until next Monday and directed that the present recount be stopped, pending final ruling on the bill.

BANDIT CAREER BROUGHT TO HALT

(By The Associated Press)
DANVILLE, May 9.—When Dorothy Wasserman, 16, 1359 Peoria street, Chicago, was today delayed by a probation officer, she revealed a strange tale of puppy love and ambition to earn big money suddenly by the bandit route thru her two boy companions, Michael Gilman, 16, 722 West 14th street, Chicago, and Tony Novick, 13, 724 West 14th street, Chicago.

At a local hotel police found the two boys, both bearing bullet wounds inflicted upon each other this morning in a local park, as the result of a quarrel over the girl. Each fired three shots at the other. Gilman being shot thru his left leg and Novick having a hole thru the fleshy part of his left arm.

The boys and girl came to Danville Sunday night and registered at a hotel where they all occupied the same room. Gilman admitted to the police that he expected to hold up some rich Danville citizens and get their money and last night trailed several who looked like "live ones," but Novick each time "went yellow," and the hold up failed to materialize.

The boys and girl were taken to Chicago tonight informed local police that the name and address of the girl were correct and that Gilman is wanted in Chicago for past indiscretions there.

ANOTHER DAY OF FRUITLESS DEBATE

(By The Associated Press)
LAUSANNE, May 9.—This has been another day of fruitless debate in the near eastern peace conference without decisions, both Turkey and the allies rigidly maintained their positions on the disputed question.

Ismet Pasha announced that if Turkey must pay the Ottoman public debt on a gold basis it would drive Turkey into bankruptcy. Ismet complained that when it came to "getting something out of Turkey and doing Turkey harm the allies were united and determined, but that they never showed the same unanimity and haste when it came to helping Turkey in a crisis.

To this the allied leaders replied they had made nothing but concessions to the Turks since the beginning of the conference and that the Turkish loans were sacred contracts with individuals and any alterations in the terms for payment and interest must be brought about by private arrangement with the bond holders.

NEW THEORY IN MOUNT DEATH

(By The Associated Press)
CHICAGO, May 9.—A new theory as to the manner in which a skeleton believed by authorities to be that of Leighton Mount, Northwestern university student, who disappeared following a class rush in 1921, came to be under an Evanston pier where it was found ten days ago was advanced by investigators today while the grand jury was questioning a score of students.

Information that part of the pier under which the skeleton was found was washed away during a storm in the winter of 1921, several weeks after Mount's disappearance, and was later boarded up, was brought to the state attorney's office today and led George E. Gorman, assistant state attorney to advance the theory that Mount's body was washed under the pier while it was still open, after he had been drowned in Lake Michigan, either as a result of an accident during class hazing activities, or suicide.

SUB-DISTRICT OFFICE OF U. S. F. B. CLOSED

Rockford, Ill., May 9.—Rockford Sub-district office of the United States veterans' bureau will be closed June 30 it was announced tonight following an inspection of the local offices by C. H. Spofford and Dr. W. E. Kendall of the Chicago offices of the bureau. The sub-district office at Centralia also will be closed. This is in accord with the policy of the bureau toward centralization. Employees eliminated here received a salary total of more than \$25,000 annually. Rockford office served several counties in northern Illinois, which now will be handled thru Chicago.

FIRE BREAKS OUT IN OIL FIELDS

Long Beach, Calif., May 9.—Fire broke out in the Signal Hill oil fields about 8 o'clock tonight and was said to menace a number of wells.

FRENCH IMPOSE DEATH SENTENCE ON SCHLOGETTER

Convicted on Charge of Espionage and Sabotage

(By The Associated Press)
DUESSELDORF, May 9.—Albert Schlogetter, one of the defendants of the so-called "murder gang" which has been carrying on a campaign of terror against French occupation in the Ruhr was convicted tonight by a court-martial and sentenced to death. He was charged with espionage and sabotage.

One of Schlogetter's aides, Hans Sadowsky, was sentenced to imprisonment for life at hard labor. Five other Germans of the "murder gang" were given jail sentences varying from five to twenty years.

Schlogetter, who is a former Prussian officer, admitted having committed sabotage. He contended, however, he had never damaged passenger trains but merely had blown up railroad tracks and bridges. One of the defendants, Kuhlman, formerly worked for the Krupps at Essen, and the prosecution contended that the men of the gang on trial had been paid for their work by a Krupp official who fled before he could be arrested. It was charged that one of the objects of the gang was to kill Germans who worked for the French.

The prosecution claimed that the men received orders regularly from a spy organization to gather information concerning troop movements and the French intelligence service. It was declared that the real leader of the gang, who commanded a brigade which carried on a campaign of terror in upper Silesia had not been arrested.

PHYSICIANS CANNOT BE LIMITED BY LAW COURT DECLARES

(By The Associated Press)
NEW YORK, May 9.—Federal Judge Knox today declared unconstitutional, as restricting the right of a physician to prescribe for his patient the provision of the Volstead act and its amendments, prohibiting the prescribing of more than a pint of spirituous liquor every ten days.

By implication he indicated his belief that provision of the Harrison anti-narcotic act prohibiting persons from prescribing increased doses of drugs to addicts under treatment, also was unconstitutional for the same reason. Counsel for Dr. Ernest S. Bishop, recently indicted for violation of the drug prescribing limitation, announced they would apply for dismissal of the indictment.

The decision in the liquor prescription case was first blood for the association for the protection of constitutional rights, an organization of 100 prominent physicians who brought the suit thru their president, Dr. Samuel W. Lambert, dean emeritus of the college of physicians at Columbia university. Assistant United States Attorney Clark announced, however, that the case would be pushed to the United States supreme court for a final decision and that he would seek a stay of Judge Knox's decision in the meantime.

Judge Knox read a 3,000 word decision upholding his contention of unconstitutionality and granting the injunction asked.

Although, he said, the question of whether liquor is a valuable therapeutic agent is so highly controversial that a questionnaire directed to 30,000 physicians had resulted in a 51 to 49 vote in favor of the use of liquor in certain cases, congress itself, "in the very beginning" had recognized it as having a legitimate medicinal use.

HOW WOULD THIS WEATHER STRIKE YOU?

Los Angeles, Calif., May 9.—The thermometer registered 99 degrees here today and at the weather bureau it was said to be the hottest May day since 1896, when the temperature reached 103 degrees. Winds from the Mojave desert were blamed for the heat. One unidentified man was prostrated in Hollywood.

PREACHES FUNERAL OF LIFE-LONG FRIEND

Seattle, Wash., May 9.—John Bushell, an auctioneer, fulfilled a dying request here today by preaching at the funeral of his long-time friend, Richard Peterson Turner, retired lumberman and insurance broker. Turner's ashes will be sent to his former home in Portland, Me., by Dr. Paul A. Turner, state director of health, his son.

TEN PAGES—THREE CENTS

COURT SENTENCES NEWSPAPER MEN TO JAIL FOR CONTEMPT

Refused to Apologize For Story Appearing in Paper

(By The Associated Press)
BIRMINGHAM, Ala., May 9.—Three members of the staff of the Birmingham Post afternoon newspaper were today sentenced to jail for 24 hours for contempt of court. Those sentenced were E. T. Leech, editor; Jack Botha, managing editor and Lewey Robinson, reporter. The newspapermen were cited to appear before Judge H. P. Heflin in circuit court, and sentenced by him following a hearing in which they were defended by Newton D. Baker of Cleveland and local counsel.

The court gave the men an alternative of apologizing and promising that they would not again print what the court termed improper matter but they chose the jail sentences.

The case arose over a news item concerning the alleged record of a man charged with murder. The citations charged that the news story was prejudicial to the defendant and caused postponement of the trial.

Mr. Baker for the newspapermen held that nothing was printed except absolute facts based on court records and that no harm was done the defendant in question as the law interpreted prejudice. The court in sentencing them said that the court was higher than the newspaper and that the liberty of the press was not paramount to human liberty.

Right of appeal was denied. The men were locked in jail fifteen minutes after sentence was passed.

A THOUGHT.

The good man is perished out of the earth, and there is none upright among men; they all lie in wait for blood; they hunt every man his brother with a net. —Micah 7:2.

So the false spider, when her nets are spread, deep ambushed in her silent den does lie.—Dryden.

Most anybody is willing to be a good citizen if the other fellow will take care of the jury duty.

"I told you so." The much heralded frost really didn't do a bit of damage hereabouts that any one can measure.

The Crowning Achievement of Mary Pickford's Career. As new as it is beautiful.

The Standard Oil Co., as someone has already indicated, is in hard lines. The corporation is attacked in congress because of alleged high prices charged for its products and now there are objections because the Standard price in some localities is too low.

The advertisement of a St. Louis department store quoted thru error evening wraps at \$1.45 when the price should have been \$1.45. The erroneous advertisement did not attract near as much attention as would have been the case had the figures been correctly given. Those who buy evening wraps are not usually looking for excessive bargain prices.

If you are not already sure that the traffic problem is one of the biggest things demanding solution in Jacksonville, just drive your car along West street between Court and Morgan or on some other streets off the square but within the business district. With cars parked on each side of these side streets you often have to "back up" or get into a collision.

The Chicago Tribune takes the unusual editorial position of urging a street car employee strike in that city. The Tribune believes that such a strike if continued a few weeks would go a long way toward proving that the service system of street car transportation is an obsolete thing.

Fourteen men of the Eden Sunday School Bible class at Sunbury, Pa., have varied their scriptural studies by going out and doing the spring plowing for Joseph and Jane Bennett, both of whom are past 80. Their entire farm of 120 acres has been prepared for planting, free of charge.

This was due to the Bennetts, the Bible students figure, because of their lifelong record for Christian kindness. Thus the seed cast upon the waters comes back after many days. And in the process, the Biblical benefactors don't do themselves any harm.

Often religious theory is something and religious practice quite another thing. Here both go admirably together.

INDIANS GO TO LAW.

A new chapter in the history of the American Indian opens with the suit brought against the United States government by the Great Sioux nation for \$750,000,000. That enormous sum is demanded by the Indians in payment for lands and other properties taken from them long ago.

Here's the dope, hold to it,
Of the prospect's blue,
Others have lived through it—
So will you.

TIME will heal some sorrow.
Courage eases the most
NOW you're down—TOMORROW
You may ride the crest,
Woe is, when you sum it
Nothing strange or new;
Others overcome it—
So can you.

a beautiful region much of which is now a federal forest reserve, and from which vast fortunes have been taken in gold. The government, the Sioux contend, failed to live up to the treaties of 1851 and 1868, took millions of acres of tribal lands without compensation, killed the Indians' game, confiscated their ponies and tepees and spent improperly funds belonging to them. About one-third of the sum claimed is principal and the rest interest. The individual plaintiffs number about 25,000. Thus if they win the suit they will have \$39,000 apiece.

It seems fairly safe to guess that the Indians will not win, at least on any such scale as they hope. But if they should succeed in justifying their claims, or any considerable part of them, they will open the way for a deluge of court actions on the part of other Indian tribes.

It is through legal process, often somewhat devious, that the American Indians have been dispossessed of their ancient wealth. Now comes the Indian using the palace's own method, appealing to his own laws thru his own courts, in an effort to win belated compensation. It is clinching evidence that the Indian is becoming civilized.

bed" and find everything goes wrong during the day?
Buttons come off. Shoelaces break. Breakfast toast is scorched. The street car is late and packed to the doors when it does come, so there's no seat for you.

As the day progresses, it seems that there's a conspiracy afoot to make you irritable. All the trane walkers and half-wits in the world manage to get in your way.

The jinx follows. Fingers are clumsy, refuse to obey your brain readily, and you break things from dishes to pencil leads.

The mailman apparently has joined the conspiracy. He brings the wrong kind of letters—disappointments, bills.

Everything is out of sorts. Like the Irish soldier, you decide "everybody's out of step but me."

Most of us have enough of the superstitious lurking in our brains to make us believe that bad luck is shadowing us on the days when everything goes wrong.

The simple truth is, our nerves are on edge, probably due to something we ate the day before, or to our blood pressure being too low or too high.

Life at such times seems more aggravating than usual. But the trouble is in ourselves, not in life or the people we encounter. They average about the same day in and day out.

For instance: We saw a man rush into an office building. As he went through the revolving door, he decided that the party in front of him was a slow-moving moron as he swung the door viciously in an obvious attempt to knock down the stranger in his path. Nerves. Meeting the same stranger under similar circumstances next day, the man (if feeling normal) probably would trail the stranger placidly thru the door and maybe pause to borrow a match and exchange the time of day and home brew recipes.

There is nothing quite so cranky as a drunkard or other dope fiend recovering from a debauch, with nerves on edge—a hangover. All of us at times feel the same way, without any preliminary debauch.

We have simply lost control of our nerve force. The pipes are leaking, eager to explode.

What can we do about it? Well, for one thing, we can keep ourselves under control by a determination to maintain a placid and easy-going state of mind. Ruination of the whole day dates from the first yielding to anger when the button comes off as we start to dress. The more we yield, the more we allow ourselves to become irritated, the higher the pressure mounts in our internal mechanism.

A good motto, when the nerves are on edge, is: "Oh, well, nothing nobody is worth getting mad at." A hundred years from now, what difference will it make?

LEGION TO VISIT
ADJACENT POSTS

A delegation from the American Legion post of this city will soon visit all posts in the surrounding counties in the interest of the coming celebration on June 15th at which time the new Veterans' building will be dedicated.

The Jacksonville state hospital has kindly promised to furnish entertainers for their trips including an orchestra and singers, and it is planned to give a program in each town visited.

The committee expects to have an itinerary for the trip marked out within the next few days, and several auto loads of vets and entertainers will soon start on these booster trips.

FOOD INSPECTOR
WORKING IN CITY

Mr. Harris, inspector of the Illinois Division of Food and Dairy Inspection, has been working in the vicinity of Jacksonville for several weeks, six weeks of which time has been spent in Morgan county investigating conditions.

He reports that the stores, restaurants and wholesale houses of this city, were, as a rule satisfactory as to sanitation and cleanliness, although there were a few that required attention. His method is to either compliment proprietors on conditions or else make friendly suggestions for improvement, as prosecution is considered by the state as a last resort, preferring to correct conditions by suggestion.

Mr. Harris especially reminded merchants of the egg candling law which requires that each case of eggs must contain a candling certificate, although he found that this regulation is in most cases being observed in this city.

BUNDLE DAY WAS
GREAT SUCCESS

Bundle Day, held yesterday in this city for the benefit of the Near East Relief, resulted in the receipt of great quantities of clothing for men, women and children, the high school and junior high donating enough supplies to almost fill one large room. Those in charge of the work at the different schools were:

High school—Mrs. A. B. Williamson, assisted by Mrs. O. N. Barr and Mrs. Louise Piepenbrink.

First Ward—Miss Clara Cobb.

Second Ward—Mrs. John Rose.

Third Ward—Mrs. O. E. Hess and Mrs. Daniel Barton.

Fourth Ward—Mrs. Robert Muller.

General Chairman—Rev. W. H. Marbach.

During the day, the clothing was sorted and baled, ready for shipment to the headquarters in Chicago, the state hospital furnishing a number of volunteer workers who assisted in the baling and loading.

DISCUSS PLANS FOR
CHURCH PICNIC

The committees in charge of the arrangements for the big Morgan county church picnic, met at the Peacock Inn yesterday to further discuss plans. It was formerly planned to have a large barbecue on that day, but the committee feel that a greater spirit of sociability will prevail at an old-fashioned basket picnic dinner. As a result of this decision the publicity committee was instructed to require the public to attend this big affair with well filled baskets.

Have You a Cough?

This is of Vital Importance to You. It's So Important You Cannot Afford to Overlook a Word

Springfield, Ill.—"Dr. Pierce's Golden Medical Discovery has no equal for bronchial trouble. For about three years I suffered with bronchitis. I developed a cough which became chronic and I had severe pains thru my chest and under my shoulder blades. My health became so poor that I was not able to get any relief, but by the persistent use of Dr. Pierce's Golden Medical Discovery my health was completely restored, which I am still enjoying, and I have never had any return of my ailment nor have I had any bronchial or lung trouble since. I have had several tests made, but always showed up perfect. I owe a great deal to Dr. Pierce's Golden Medical Discovery and always recommend it."—Mrs. Lottie McAfee, 1127 N. 11th St.

WILL HAVE CLASS OF 25 CANDIDATES

Favorite Lodge to Confer Rank
Page Tonight—Special Music
for Occasion

At its regular meeting this evening Favorite Lodge No. 376 Knights of Pythias will confer the Rank of Page on a class of twenty-five candidates.

Favorite Lodge has more candidates besides this class and it is hoped to finish up all of the work before the summer sets in. The lodge expects to keep its degree team busy during the remainder of the month and the work may extend into June.

As a special this evening Suite and Strandberg will be present with a six piece orchestra and furnish music during the evening.

It is expected that a large number of members will be present tonight to witness the work which will be followed by a social hour.

ALEXANDER SCOUTS PLAN SOCIAL TONIGHT

The Boy Scout troop of Alexander will give an ice cream social tonight in the basement of the Catholic church, or, if the weather is favorable, in the park at Alexander. This is the first affair of the kind which the Scouts have planned in Alexander and it is hoped that it will be a success.

FUNERAL NOTICE

LITERBERRY M. E. AID SOCIETY MEETS

Regular Meeting Held Yesterday
Afternoon with Mrs. Charles
Rudisill and Mrs. Cora Good-
pasture as Hostesses

Members of the Ladies' Aid society of the Literberry M. E. church held a regular meeting Wednesday afternoon at the home of Mrs. Charles Rudisill, with Mrs. Cora Goodpasture as assistant hostess. There were forty or more present and an interesting Mothers' Day program was carried out as follows:

Roll call—Quotations about mother.

Paper, "Mothers' Day"—Mrs. Walter Houston.

Paper, "The Brightest Page of History"—Mrs. Mabel Clark.

Reading, "The Home of the First University"—Mrs. Austin Weaver.

Paper, "The Swiftest Thing in the Universe—A Mother's Prayer"—Mrs. Earl Rexroat.

Paper, "Moses' Mother"—Mrs. J. C. McFillen.

During the brief business session which preceded the program Mrs. G. A. Dunlap, the president, was in the chair. The collection of the afternoon amounted to \$4.20. After the program came a very pleasant social hour, when the hostesses served delicious refreshments.

The June meeting of the society will be at the home of Mrs. Ralph Rudisill in the Joy Prairie neighborhood.

MISS FANNIE MASTERS BRIDE OF KANSAS MAN

Daughter of F. M. Masters of
Lynnville Precinct Is Bride of
Roy Sheppard of Augusta,
Kan.

Announcement has been received here of the marriage of Miss Fannie Masters and Roy Sheppard, which was solemnized Saturday, May 5, at the residence of Roy, Mr. and Mrs. McNeal, pastor of the M. E. church in Augusta, Kan.

The bride, who is a daughter of Frank M. Masters of Lynnville precinct, graduated in the class of 1917 from the Jacksonville high school and is well and favorably known here.

After finishing her high school course, Mrs. Sheppard taught successfully in this county for several years. More recently she has held a position in Augusta.

The groom is a son of Mr. and Mrs. I. T. Sheppard of Augusta, a young man with an excellent reputation. Mr. and Mrs. Sheppard are to live on a farm near Hutchinson, Kansas.

HIGH SCHOOL FORUM IN REGULAR MEETING

The forum of the High School held a meeting Wednesday afternoon Ina Dehold was initiated, giving an impromptu on "Why I Wanted to Join a Debating Society." A section of the constitution which read "The officers shall be elected for the school year" was amended as follows: "The officers with the exception of critics shall be elected for the school year. The office of critic shall be a temporary one and the president shall, if possible, appoint a different critic at each meeting." The program consisted of an oration, "Bryan's Arlington Address," by Lee Baldwin. The following officers were elected for next school year:

President—Lee Baldwin.
Vice president—Louis Gard.
Secretary—Margaret Curtis.
Sergeant-at-Arms—Kenneth Thomson.

The last meeting of the year will be held next Wednesday, at which time a debate, "Resolved, That the United States government should recognize the Bolsheviks," will be presented. The affirmative by George Wetzel and Edward Hill, and the negative by Lavinia Scott and Henry Irving.

CHAPIN WOMAN'S CLUB IN REGULAR SESSION

Miss Helene Markham Entertains
Club Women at This Week's
Meeting—Other News From
Chapin.

Chapin, May 9.—Miss Helene Markham was hostess to the Chapin Woman's Club Tuesday afternoon. The program opened with a discussion of current events. Two splendid papers were read: Mrs. J. F. Burnham on "Needs of Our Community and How to Meet Them," proved that she, at least, had the true community spirit. Mrs. P. H. Ham on "American Women in Today's Politics" was an interesting account of what the women of our country are doing. General discussion followed the papers. During the school hour delicious refreshments were served by the hostess assisted by her sister Miss Edith Markham.

Miss Bertha Coates of the Lynnville neighborhood was the week end guest of her cousin Miss Amy Moody. Other guests at the Moody home Sunday were Misses Edith Fox, Mary and Martha Alderson.

Miss Ethel Wylder of Jacksonville and her sister from Columbia, Mo., were Sunday guests of Miss Amy Onken.

Dr. and Mrs. Webster, Mr. and Mrs. R. R. Gasen and Mr. and Mrs. Ed Markle of Winchester were guests of Mr. and Mrs. G. A. Allen, Sunday.

Miss Mary Black of the Murfreesboro high school faculty spent the week end at the home of Mr. and Mrs. J. H. Baldwin.

Miss Ethel Zeno of the Moore School near Orleans spent the week end with Mrs. Ellen Coults.

Mr. and Mrs. J. L. Alderson and Mr. and Mrs. Jacob Hoover motored to Winchester Sunday.

Rev. W. O. Lough had charge of the community high school delegation that went to Auburn on Tuesday to attend the track meet. A number of the high school boys were entered in the contest.

Mrs. Hermett formerly, Elsie Duckett, C. F. Duckett's daughter, of Chapin, was chosen as Detroit's model for Detroit's Fashion Show given at Fox Washington theatre, and is now traveling with the picture named "Driven."

She was picked from one thousand applications of Detroit and classed as the prettiest and most perfect formed girl of that city. The other girls of the company being from other states.

Kidney Trouble Disturbed His Rest

Is Now Able to Lie Down and
Sleep Soundly—His Kidney
and Bladder Trouble All Gone.
Read His Statement.

"I was a sufferer for several years from kidney and bladder trouble and had to get up many times each night on account of the condition that I was in. I was induced to try Dr. Carey's Marshroot Prescription No. 777 and to my great surprise and satisfaction I was able to lie down and sleep undisturbed. I can truthfully say that I am entirely cured and would advise any who are suffering from this terrible disease to try Dr. Carey's Marshroot."—Signed C. H. Ritchie, Elmira.

What is Dr. Carey's Marshroot? It is Dr. Carey's own prescription known as No. 777, for many years used by him with remarkable success in the treatment of kidney and bladder troubles. It consists of roots and herbs that have a direct and specific action only on the kidneys and urinary organs. It can always be obtained at all good druggists and all good druggists the country over. BAD BREATH

Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week to note the effect. 15c and 30c.

WILL VISIT HERE BEFORE LEAVING FOR THE EAST

Mrs. L. G. Beckwith and little daughter, Jean of Bay City, Mich., arrived last night for a month's visit with the former's parents, Mr. and Mrs. T. L. Cannon on South Diamond street, and with other relatives and friends.

After the visit here Mrs. Beckwith and daughter will proceed to Davisville, New Hampshire, where they will join Major Beckwith, who has spent the past several

months there looking after extensive improvements on an estate which he purchased in that vicinity. Major and Mrs. Beckwith made an extensive tour of the east last summer and during their travels came upon this fine old estate which later became their property. Their decision to locate in the east is due to their belief that the climatic and other conditions will be more favorable than in Michigan.

ARTICLES THAT ARE OLD

Chipped Stones, Found in England, Believed to Be Most Ancient of Made Implements.

According to an English antiquary, the oldest manufactured articles in the world are probably some chipped stones found on the Kentish Weald, in England.

Far back, countless centuries before any attempt at civilization, men were chipping stones into tools and weapons.

Knives, axes, hammers, scrapers, spearheads, arrowheads, even awls for piercing skins, and roughly notched saws for cutting bone were made of flint or chert or obsidian—any stone that would chip to a cutting edge and hard enough to stand wear.

Some are clumsy things, some beautiful in design and finish, and their varying workmanship indicates far greater difference between the men who made them than exists between an Egyptian king of 1400 B. C. and an English citizen of this age.

Solutrean "barrel leaves," or "shouldered points"—spearheads from Solutre, in France—are exquisite things, graceful in shape and finished in a manner which would be a credit to any modern craftsman. Yet they were made according to some assertions, over 20,000 years ago.

Earlier still, Mousterian implements from the cave of Le Moustier, varying in shape and size, all have the businesslike wavy cutting edge distinctive of their period. Centuries before these the rude Chellean and Streptan implements were made, their unworked butts still showing the natural surface of the stone. And away back beyond thousands and thousands of years ago, in the very dawn of human life, were made the "Ediths" of the Kentish Weald.

WHITE HALL TAKES GREENE COUNTY MEET

Finishes First With Total of 48 Points—Carrollton Second, Greenfield Third, Roodhouse Fourth.

Greenfield, May 9.—White Hall with a well balanced team, won the twenty-second annual track and field meet of the Greene County High School association here today with a total of 48 points. Carrollton was second with 45 points, Greenfield third with 35 points and Roodhouse fourth with seven points.

Incidentally White Hall was winning, two records went by the boards and one was tied. Ray Goode, White Hall's great weight man, hurled the javelin 187 feet 13 inches, beating his own record for the meet of 163 feet, 6 inches and his record in the Western Illinois at Winchester last Saturday of 171 feet, three inches.

Knowland, the crack Greenfield hurdler, again captured both hurdle events. He lowered the 120 high hurdles to 16 seconds and tied the record for the low hurdles of 27 seconds.

The meet was attended by a record-breaking crowd, despite the cold weather and the events were bitterly contested. Coach Harmon assisted by several Illinois College men had charge of the meet.

WAVERLY WINS SECOND.

Waverly high school won second place in a recent invitation meet of high schools in Central Illinois, which was held at Auburn. The Waverly athletes scored 26 1-3 points. Pleasant Plains won the meet with 33 1-2 points. A number of other Morgan county schools sent athletes to the contest.

A French Beauty

Taught me how to clean my skin

By Edna Wallace Hopper

My youthful beauty at my grand old age is due to French creations. And I served France for 52 months in the War to help repay that debt.

Now I am doing more. I am sharing those helps with others, am supplying them at modest prices to dealers everywhere. And I am taking time in a busy life to tell the facts about them.

After 32 years as a stage star I still play young girls' parts. I look a girl, as thousands of you know. I looked no younger 49 years ago. Now you are welcome to the same helps I employ.

A Liquid Cleanser

One great help is a liquid cleanser which I call my Facial Youth. Lucile Lantelme, the famous Parisian beauty, gave me the formula many years ago. Now the world's greatest beauty experts are advising and employing it. But their price is too high for most women.

Facial Youth contains no animal, no vegetable oil. So it cannot assimilate in any way with the skin. But it penetrates the skin to the depths. When I wipe it off, all that clogs the skin comes with it. The skin is absolutely clean.

Facial Youth also carries factors to whiten and firm the skin. There is lemon in it. I see new bloom and beauty every time I use it.

You'll Be Surprised

Clean your face in your way, then in mine. You will be "mazed" at the extra dirt which Facial Youth removes. Much of a cleansing cream always remains. Facial Youth all departs.

I anoint my whole body with Facial Youth before I take a bath. And I get out clogging matter which water cannot reach.

Utter cleanliness is beauty's first essential. Facial Youth is now recognized all the world over, as the best way to attain it. Once you use it you will never return to the greasy cleansing creams. We stage women use it for removing all our make-ups now.

Edna Wallace Hopper's Facial Youth is now supplies by all druggists, all toilet goods dealers. Price, 75c per bottle, and it goes far. They also supply my Youth Cream—my fruitly cold cream should follow. Also my White Youth Clay. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

Try this new-day cleanser—my Facial Youth. If the first bottle fails to delight you, your dealer will return your money. (adv.)

Pennsylvania Hard Coal For 1923

The eastern states have just gone through their greatest coal shortage. There is no assurance that the spring and summer tonnage will ever get caught up with the demand in 1923.

On September 1st the Present Mine Wage Scale on Hard Coal Expires

The hard coal miners want more money. Their low day pay scale is about \$5.00. The low day scale for soft coal miners is about \$7.50. This is what the hard coal miners are asking for. It looks like more money and higher priced coal or a strike. Take your pick and take your chances.

Get Your Hard Coal Early and You Are Safe

Prices will not change much this year. The most important factor now in anthracite is that of getting it. It will be impossible to make up the lost tonnage and the east will be given the preference. So the wise householder will get his coal now while it can be obtained.

"CANNON" WAS A FAILURE

Indian War Party Suffered Through the Inventive Genius of One of Their Number.

One of the most peculiar pieces of ordnance ever invented was that which was tried for its sole occasion at the storming of Fort Henry. In what is now West Virginia, by Simon Girty, the famous renegade, and his several hundred Indian followers, on September 1, 1777.

All day long, without success and with considerable loss, the savages and their still more savage leader had been attempting to carry the little stockade with its handful of defenders. Night had settled down and their patience was short, when some inventive genius amongst them suggested the making of artillery with which to batter down the stubborn walls.

A maple log, already hollowed by the process of time, was bound with chains, plugged at the breech with wool, filled to the muzzle with stones, pieces of iron and other missiles. It was then conveyed to within 60 yards of the gate and discharged. The log burst into a thousand pieces, its fragments scattering in all directions and killing several of the attackers. And not a pebble of the fort was injured.

Superstitions of Thieves.

A laundryman who for eleven years used his room as a safe was wise in his generation for it is not believed that any thief would have meddled with such a receptacle. Certainly no professional burglar would have touched it.

For the criminal classes, almost without exception, are steeped in queer beliefs in luck, omens and the like.

The burglar carefully avoids any house where a death has recently taken place. Any black cat is anathema to him. The black cat, which to some people is an omen of good fortune, to him is just the reverse. Should a black cat be seen sitting on the steps or sill of a house marked down for plunder he will avoid it. Another animal which terrifies him is a blind dog.

Aristotle's Philosophy.

Aristotle has been called a practical philosopher. A better designation would be a philosopher of facts. He sought for facts everywhere in nature. Thus he began, under his father, and he continued to be all his life, a student of nature. When he mistook her he wrote down wrong conclusions, but he really mistook her seldom. In consequence, very many of the things he wrote four centuries before Christ are true today. Nature's laws being unchangeable lead only one way, and on that way her modern pupil and her classical Aristotle meet.—New York Herald.

The Silver Penny.

Honor is due the penny for its antiquity. The first emperor of the Franks used as the basis of his coinage the penny of which 240 were coined from one pound of silver. The silver penny was the first silver coin struck in England. At first it was made with a cross cut in so deeply that it could easily be broken in halves (halfpence) and fourths (farthings). Copper pennies were first coined in 1797. At one time there was a gold penny in England. It was introduced by Henry III, and was worth 20 silver pennies.

"HEART DAY" WAS A GREAT SUCCESS

Jacksonville citizens opened their hearts and purses on Saturday to help the destitute women with children under the care of the Volunteers of America, by contributing nearly \$200.00 to that worthy cause.

Everyone connected with the enterprise was well pleased. To the merchants who furnished the incentives for the children's efforts, as well as to Miss Jennie F. Grassly's capable leadership, should be given full credit, as well as to the public's generosity in patronizing the youthful workers. The prizes were won by:

First, Ethel Patrick, who collected \$26.13; second, Pearl Houston, who collected \$18.07; third, Thelma Endsley, who collected \$14.09; fourth, Helen Britton, who collected \$13.31; fifth, Mabel Daniel, who collected \$10.43; sixth, Frances Lewis, who collected \$10.05. Besides 21 children were made happy by receiving movie passes.

\$2,500 IN JEWELRY STOLEN FROM STORE

Stranger Seizes Tray of Diamonds and Jewels—Local Police Received Details of Robbery and Description of Thief.

SPRINGFIELD, Ill., May 9.

Describing himself as the representative of a bank president, a bareheaded man stepped into a jewelry store here today, asked to see diamonds and when the clerk turned his back fled with a tray of the precious stones. The jeweler estimated the loss at about \$2,500.

Local police received word of the robbery last night. It occurred at about five o'clock in the afternoon, and the victim was Elmer Collins, a jewelry store clerk. The robber got away with two 1-carat diamonds, one 1 1/2 carat diamond, and two consistency Masonic rings with the 32-degree double eagles. The rings were valued at \$200.

Collins was able to give Springfield police a complete description of the intruder. He looked to be about 30 years of age, sandy complexion and light hair. He wore a gray suit and oxford shoes, and had a shiner's pin in the lapel of his coat. The description was sent to surrounding cities and towns and police here and at other points were warned to be on the lookout for the man.

DISCUSSED BIG SANDY COAL MINE PROSPECT

A number of Jacksonville residents met at the Chamber of Commerce rooms last night by invitation of H. E. Frye to hear some further facts about the Big Sandy coal mine that he is developing a few miles south of the city.

Mr. Frye made a very straightforward explanation of the project and said he would welcome any investigation that citizens would make themselves or thru experienced coal men.

Mr. Frye said that he had had a number of offers to sell the property but that he did not wish to do so because he feels that it can be made very beneficial to Jacksonville.

Prof. Leavenworth of Illinois college was present and told of a visit to the mine and his belief that the coal is of very high quality. Those present were interested in Mr. Frye's presentation and it is understood that some further investigation of the project will be made.

AWARD CONTRACT FOR SCHOOL AT PRENTICE

Seymour Brothers, contractors of this city, have been awarded the contract for the construction of the new school building at Prentice. The structure will be located on the site of the old building east of Prentice. It will be erected and equipped at a cost of about \$2,800.

The former building was burned last January 15, and since that date school sessions have been held in the Prentice church. The new school is to have cloak rooms, and will be equipped with kaustine toilets. It will have a basement under the entire building, with a modern heating plant. It is planned to have the building up to date in every way.

Miss Garnet Carter has been engaged to teach the school for the coming term. The present term having recently closed, work on the new building will begin as soon as possible, and the contract calls for its completion by the first of next September.

ANNOUNCE FULL PLAN OF ELKS VAUDEVILLE

Big Entertainment to be given at Grand Friday and Saturday is Explained and Names of Characters Given—Ten Acts With Opening and Finale

Ten big acts of vaudeville, a grand entry by the entire cast of artists and a grand finale which merges from the last act, will be made possible by the fifty or more artists participating in the Elks' Varsity Revue at the Grand Theatre Friday and Saturday evenings. Announcements made public this morning show that this will indeed be an exceptional production of real merit.

After the grand opening the evening's entertainment is declared open in a song by Homer Woods. For their first act, the management has very appropriately selected the Elks' Male Chorus, which will feature its return engagement with some of the best from its repertoire, assisted in two numbers by Mrs. O. H. Wilder.

Then appears a trio of harmony singers known as the "Mississippi Maids," Misses Lucille Short, Faye Carroll and Edna Hackett. The bunch of harlequin jazz-manias—Norman Vielra, Glenn Skinner, William DeBolt, Leonard Potter, Dick Reynolds, Ollie Parker, George Day, together with their enthusiastic proteges, Miss Shirley Rule, will create a whirl of excitement.

The song, "Love Sends a Little Gift of Roses" will be featured in solo by Miss Ruth Bridgewater, assisted by the Male Chorus. Following this appears Eddie Drummond in a flower flirtation, cleverly arranged entirely in song and dance, with his five colleagues, the Misses Lucille Short, Frances Strawn, Saradee Rule, Florence Short, and Beulah Mae Tull.

"The Salon Singers," an operatic mixed quartet composed of Mrs. Barr Brown, Miss Ruth Armstrong, Messrs. Hackett Wilder and Arnold L. Lovejoy, will delight and entertain with numbers for which this group of artists is noted.

One of the most stirring acts of the bill will be offered in "DeBolt's Royal Dragoons," a bunch of eight men resplendent in white and gold costumes, who can play instruments as well as sing. This singing band is composed of: cornet, William DeBolt; trombone, Ollie Parker; baritone, Leonard Potter; saxophone, Glenn Skinner; clarinet, Wilbur Jeffries; French horn, Denham Harney; bass, George Day; drums, Dick Reynolds.

Miss Beulah Mae Tull will provide a fun-making diversion in "Home-Town Antics." The late styles worn by this "small-town girl" will surprise. Edward Mallory and Arthur Watson, the two pages of the evening, will cut capers in the "Eccentric Pedestrian."

The final act, and indeed the funniest, will start when Dr. Magill lets loose his Carolina Minstrels, including several well-known end-men whose personages are exemplified in Dick Reynolds, Frank Wamaker, Leonard Potter, and William DeBolt. The comedy in this act will be of a sort that Jacksonville people have never seen. It will be exactly as advertised, "something new in minstreldom." The end men will be assisted in their efforts to entertain by Messrs. Glenn Skinner and Frank Wamaker, balladists; the Elks' Male Quartet, and the nimble pages in a closing riot of dancing and song. The grand finale following on the heels of the minstrels will close the show.

A large pit orchestra, also trained and directed by A. L. LeVoy, will furnish accompaniments. They will be piano, Miss Virginia Spink; violins, Miss Gertrude Curtis, Sherman Coultas, Arthur Perbis; cello, Fred Haberkorn; cornets, Willard Hubbard, William DeBolt; trombone, Russell Harvey; clarinet, Arthur Hart, Wilbur Jeffries; baritone, Leonard Potter; bass, George Day; drums, Leo Johnson.

WESTMINSTER NOTES

Rev. David K. Laurie, a former Westminster boy, will preach Sunday morning upon "Lily Among the Lilies." Rev. Mr. Laurie has been engaged in a telling work among the logging camps of the state of Washington. He has seen wonderful experiences and will speak of them. "The Son of Democracy" will be continued next Sunday evening. Benjamin Chapin makes a remarkable "Lincoln." "My Mother" will be the title of the episode, May 12, and will embody some fine boy acting depicting the life of little Abe in the pioneer country and of the mother who gave him his start. This will be Mothers' Day service, using one of the finest films made. Dr. Smith will preach on "Sprouting a Character."

The New Hynes Book committee will soon make a report of their recommendation.

M. F. DUNLAP WINS IN INJUNCTION SUIT

Action Brought Against Calvin Lawson, Leasing Land Rentably, Decided in His Favor By the Appellate Court

The Appellate Court for the Third District has just handed down an opinion reversing the judgment entered by Judge F. W. Burton in the Morgan county circuit court in the case of Millard F. Dunlap vs. Calvin Lawson. This was a bill for injunction filed by Mr. Dunlap to restrain Mr. Lawson from going upon certain land owned by him about six miles northeast of the city, and to prevent Lawson from harvesting the crop of fifty acres of wheat in the month of July, 1920.

A temporary injunction was granted by the Master in Chancery, and when court convened, a motion was made to dissolve the injunction, which was overruled. A cross bill was filed by the defendant claiming that he owned the wheat and had a right to harvest it. The wheat was harvested and marketed by the complainant and approximately \$1,500 was derived from the sale. The litigation progressed in the circuit court of this county for nearly two years. A decree was finally entered by Judge Burton, giving to Mr. Lawson approximately half of the value of the wheat and to Mr. Dunlap approximately half.

An appeal was taken by Mr. Dunlap to the appellate court, and that court at the October term, 1922, handed down an opinion affirming the decree of the circuit court, with certain modifications. A petition for rehearing was filed by the complainant and the court took the case on rehearing, and on second consideration reversed the case and remanded it to the circuit court of Morgan county, with directions to dismiss the cross bill and to render a decree in conformity with the prayer of the original bill, making the injunction perpetual.

The effect of the decision is to hold that Mr. Dunlap was the owner of the wheat, was rightfully in possession of it, and that defendant, Lawson, had no claim of any kind in the wheat, and had no right to go upon the premises for the purpose of harvesting the wheat, or any part thereof. The case involved the drawing of some very close legal distinctions, and was bitterly contested from the start.

Mr. Dunlap was represented by Worthington, Reeve & Green, and Mr. Lawson by W. N. Hargrove.

HARDING PRAISES HOSPITAL WORK

The superintendent of Passavant Hospital, Miss Vanner, learned today from the National Hospital Day committee, Chicago, that President Harding has given high praise to the hospitals which are co-operating in observing National Hospital Day next Friday for the purpose of making the public better acquainted with the hospital service.

"One of the finest and most humane products of our civilization," wrote President Harding in commenting on the movement "is the hospital, and every activity which aims to assure its advantages to an increasing number of people deserves all possible encouragement."

Passavant Hospital has about completed plans for its program and again issues a cordial invitation to the public to be present. The hospital will be open all day and there will be plenty of nurses and others to show visitors about, while in the laboratory, operating room, X-ray room, kitchen and other departments; there will be persons who will explain the work of these divisions.

William D. Harrington, head printer left Wednesday night for Champaign-Urbana, where he will attend the annual meeting of the Illinois Press association. From Springfield he will travel on the Press Special which is being furnished by the Illinois Traction System.

A. E. Schneider, of the Mergenthaler Linotype company was a visitor at the printing office yesterday inspecting the linotype machine. As this machine is in such a condition that it will be necessary to completely overhaul it, the management is considering the purchase of a new machine.

The new fountain at the front entrance will probably be finished this week, and will certainly make a handsome improvement with its lily and fish pond and ornamental fountain.

Mrs. O. C. Smith has issued invitations to a reception for the senior class, which will be held Tuesday evening, May 15.

The new telephone system is now being installed at the school and should be completed in about a week. When completed, there will be thirty telephones, connecting all departments, with a private switchboard and operator.

HI Y OFFICERS TO BE CHOSEN NEXT WEEK

At the meeting of the Hi Y club held Thursday evening at First Baptist church, it was decided to elect officers for the coming year at next week's meeting. The nominating committee was later appointed by the president, Alfred Cravill, as follows: Charles Williamson, president; Mrs. K. H. Schaefer, Robert Brown and Edward Saffo.

Guests are also invited to attend the next meeting, on Tuesday evening, May 22, the final meeting of the club for this year will be held. This will be in the nature of a farewell to the senior members, and the new officers will also be installed at this time. The program committee is arranging special numbers for this occasion.

Track and Field Meet and Baseball Game During Day—Big Health Pageant in Evening

Saturday, May 12, will be one big day at the school for the deaf. In the morning a track and field meet will be held and in the afternoon a real baseball game between the Illinois and Missouri schools, while in the evening at 8 o'clock comes the big Health Pageant which is to be given on the lawn.

All classes of the boys will participate in the field events, carrying out the following program of events:

- Midgets:
1. Rope climb 16 feet.
 2. Standing broad jump. (Time—hands and feet).
 3. 50 yard dash. (Distance).
- Juniors:
1. Running high jump.
 2. Standing broad jump.
 3. 100 yard dash.
 4. Baseball throw. Accuracy—45 feet.
- Seniors:
1. Running high jump.
 2. Running broad jump.
 3. 100 yard dash.
 4. Baseball throw. (Accuracy—50 feet).
- Upper Class Men:
1. Rope climb—16 feet.
 2. Pole vault.
 3. Running, hop, step and jump.
 4. 220 yard dash.
 5. 12 pound shot put.

Physical Director Miss E. Solberger, assisted by various teachers, will be in charge of the field meet.

The big baseball game will be called at 3 o'clock, with Clark, of the Indians, holding the indicator. The Missouri school has a very strong team and Illinois will have to step some to get away with the game. The teachers and employees donated the funds for bringing the Missouri team here for the game.

In the evening, the Health Pageant, entitled "The Victory of Health," in six episodes, will be given under the direction of the Misses Solberger and Kneester, who are the physical directors of the school. The following cast of characters would indicate that this pageant will be both interesting and instructive:

Characters—Queen of Health, King Common Sense, courtiers, demon disease, health crusaders, health fairies, trouble lumps and people of the earth.

Health Fairies—Clean teeth, exercise, fresh air, wholesome food, sleep, drink water, soap and water, out door play.

Trouble lumps—Sleeping with windows closed, getting too little sleep, eating too much candy between meals, drinking tea and coffee, not keeping the body clean, not taking exercise, not eating fresh fruit and vegetables, not cleansing teeth.

All entertainments of the day are free, and the public is most cordially invited to attend all of these functions.

You Gain Nothing This Way

Do you remember how tired and nervous you were last fall after every rug had been carried outside, beaten and swept by hand, and carried in again; walls and fixtures dusted; furniture rearranged, pictures rehung and the house again made homelike? It was a hard and tedious job!

This way saves time, labor, rugs

Let us show you the easier way—with The Hoover. Let us clean one of your rugs—FREE. It will be one less rug for you to clean. We want you to see how all of your rugs can be thoroughly beaten, swept and suction-cleaned, through and through, without removing them from the floor.

A phone call will secure this demonstration. You will not be obligated. Don't do another housecleaning by hand. Save your time and strength by using The Hoover, and your rugs will wear many years longer, too.

LATEST NEWS OF THE SPORTING WORLD

ILLINI TRACKMEN TO MEET MICHIGAN

URBANA, Ill.—When Michigan won the indoor conference track meet, taking the laurels which have been Illinois' for three years straight, wisecracks said:

"Well, Gill has lost the stars who have won three championships in a row. It's all Michigan this year."

But the Illinois track coach invaded Drake with his new team and well-nigh swept the platter clean. Now, although Michigan is expected to beat the Illini in a dual meet at Ann Arbor Saturday, folks are beginning to think the engagement will be close with maybe a fighting outside chance for the Illini runners.

Harry Gill is truly a hard man to down. In the eighteen years to he has trained Orange and Blue squads, he has won 89 per cent of his dual meets. In the same length of time it is certain that no other coach can show a record anywhere comparable. When Michigan returned to the Big Top fold, the Wolverine were grist for his mill and they have lost the three meets in which the two teams have met since that time.

Capt. Paul Sweet is anxiously nursing a bad leg, a memento of his splendid work at Drake. He did not compete against Notre Dame last week. But Sweet hopes to be able to race at Ann Arbor. An interesting point is that the Illini quarter-mile is a product of Battle Creek, Mich. If Sweet is not in form Illinois' hopes, only fair at best, will be lowered.

That Gill's runners will be in top form is one safe prediction. While defeating the Notre Dame squad so decisively, they never showed signs of punishment. New men did better than they have ever done before—which is a frequent result of Gill's handling. Thus, although the Wolverines seem to have a far greater supply of stars, the Illini hope to make them hustle every minute to top the meet.

TUNNEY TO MEET MTIGUE MAYBE

NEW YORK, May 9.—Gene Tunney, light heavyweight champion, will be Mike McGuire's second opponent for the world's 175 pound title, providing the Irish-American successfully defends his crown against Georges Carpentier on July 14, probably at the Yankee Stadium.

This was assured today when Joe Jacobs, McGuire's manager, agreed to accept promoter Tex Rickard's terms for a match with Tunney, conditional upon the outcome of the Carpentier-McGuire battle. Tunney is eager to sign and it is possible that articles may be drawn up tomorrow. If arranged, the bout probably would be held at the Yankee Stadium in August.

Carpentier, Rickard announced, has cancelled his match with Joe Beckett, English heavyweight, in London, June 14, in order not to risk further injury to his hands before meeting McGuire. Georges damaged both his left and his "famous" right in defeating Marcel Nilles for the French heavyweight title last Sunday.

McGuire will be welcomed by a legion of Irish-American societies when he arrives Friday from Ireland, where he captured the light-heavyweight title from Battling Siki.

Do you know Baseball?

by Billy Evans

Questions

ONE—What are the rights of the base runner to advance on an infield fly?

TWO—Does a base runner after crossing first base, and then making a break for second, forfeit his right to return to first without liability to be put out?

THREE—Must a base runner after crossing first turn while in foul territory or is it also permissible in fair territory?

FOUR—When two runners are standing on the same base, to which runner is the base entitled?

FIVE—If a base runner starts to run the bases in reverse order to confuse the opposition, how may he be retired?

Answers

ONE—A base runner can now advance on an infield fly, just as on any other fly ball that is caught or muffed.

TWO—A base runner after crossing first base, and making an attempt to go to second, immediately forfeits his right to return to first without liability to be put out.

THREE—He can make such a turn on either fair or foul territory, provided he make no attempt to go to second.

FOUR—The original occupant is always entitled to the base, unless forced to vacate.

FIVE—A base runner who runs in reverse order can be retired by being touched with the ball or having the ball held on the base to which he was legally entitled.

RAY WILL TRY FOR OUTDOOR MILE RECORD

CHICAGO, May 9.—Joe Ray, crack runner of the Illinois Athletic club will run a mile exhibition event in connection with the intercollegiate track and field meet of the University of Chicago May 26 and will try to annex the world's record for the outdoor course. This record now stands at 4:12 3-5 and is held by N. S. Taber. Ray's best time on the outdoor course this year is 4:15 1-2 made at Drake relays.

Out Victory Against Jonnard in Seventh—Granham Gets Home Run and Double.

NEW YORK, May 9.—The Chicago Nationals defeated New York in their game here this afternoon winning the second game of the series, 9 to 6. After Chicago scored five runs in the fourth inning off Jonnard, New York forged back in the lead in the sixth inning, only to have Chicago bat out the victory against Jonnard in the seventh. Grantham hit a home run and a double but his three errors aided New York in its scoring. Shortstop Charley Hollocher joined the Chicago team here today.

BRINGS OWN GAS FOR INDIANAPOLIS RACE

INDIANAPOLIS, Ind., May 9.—Count Zborowski, Polish nobleman and American citizen, who will drive a French Bugatti in the Indianapolis 500-mile race at the Indianapolis Motor Speedway, Wednesday, May 30, is bringing with him on the White Star liner, Majestic arriving in New York, May 8, two hundred and fifty gallons of fuel of his own mixture.

This is the first time in the history of racing that any foreign driver has brought along with him his own fuel. The Count will have to pay a duty of fifteen cents per gallon on the impure fuel.

It is said to be an unusual mixture of his own making with alcohol as a base and to be exceedingly more powerful and efficient than the high test gasoline generally used by racing stars in America.

It will mark the advent of magic fuels in racing. Most every theoretical and practical appliance that might be adjunct to speed has been used in the Indianapolis race at Indianapolis in an attempt to squeeze an edge on the field. But fuel has always been on a par.

Other drivers are fearful lest the Polish nobleman and wealthy sportsman has discovered a fountain of speed from which flows the elixir of "go" that may prove to be the margin of difference between victory and defeat for America.

It is expected to set other international stars to work in their laboratories in a frantic attempt to compound a solution that will give added power and speed to their creations. The problem of fuel, long since believed to be settled, is again an unknown equation.

Zborowski is piloting the fifth Bugatti entered in the Hoosier classic, but he will fight the need battle alone and will have no connection with the French team.

Zborowski's father, a Polish nobleman, came to America many years ago and Zborowski became an American citizen. He now makes his home at Higham, Canterbury, England.

INDEES TO MEET QUINCY TEAM SUNDAY

The Jacksonville Indies will meet the Atlas Blues of Quincy, at South Side Park, Sunday afternoon at 2:45 o'clock. In last Sunday's game with Warsaw, the Quincy team shut out their competitors to the score of 4 to 0.

So Jacksonville can expect some real competition when they come for the game here.

Workmen have been working every day this week on the infield and grandstands and the work on the diamond will be completed today, and all other work will be finished in time for the Sunday game.

Manager Smith has strings out for a new pitcher and a shortstop, and expects to be able to make an announcement later in the week.

FIVE AMERICANS STILL IN RUNNING

DEAL, England, May 9.—Five fighting Americans still had their fingers in John Bull's golf pie tonight, with three rounds of play behind them in the long battle for the amateur championship of Great Britain.

The quins of Americans who were among the survivors of today's grind are Francis Ouimet of Boston, Dr. O. F. Willing of Portland, Oregon, George V. Rotan, of Houston, Texas, J. F. Neville of San Francisco and Douglas Grant.

The last named, a resident of England, had the honor today of eliminating the champion, E. W. E. Holderness.

Two Americans went down the chute on which Holderness slid to his sorrow—Fred Wright, Jr. of Los Angeles, and Maxwell R. Marston, of Philadelphia. Wright was put aside by G. N. P. Humphreys, a Cambridge graduate of considerable renown on the fairways of his homeland, and Marston was conquered by the hard-hitting Cyril Tolley.

None of the Americans who won had any difficulty. They were so much superior to their three rounds opponents that one of them, Rotan, was able to play in a mediocre manner and still win, crushing E. W. E. Holderness by a score of 8 to 7.

Almost every green Stone putted the ball from one side of the hole to the other before he could entice it to slip into the cup. As a result, Rotan had nothing to do but keep going.

Quimet defeated P. Clough of Bradford, 5 and 3; Dr. Willing defeated E. Blackwell of Prestwick, 3 and 2 and Neville won from W. H. Richards of Worpleston, 4 and 3.

Wright like Rotan had an off-day, but unlike the Texan he did not have an easy opponent, and that is the short and simple story of his defeat by Humphreys, who was able to take and did take advantage of every topped approach and the many poor putts of which Wright was guilty.

Troop 6 lost the final game of the three game series with the Gas House Gang. The final game was lost chiefly thru the errors of the troop team and the wildness of their pitchers, Wilson and E. Smith. E. Smith's home run featured the game. The batteries were, Wilson, Osborne, E. Smith and Captain Martin for the Troop team, while the Gas House Gang was represented by Capt. Poole, Cooney, and Woods. Troop 6 won the two previous games.

CONTESTANTS FINISH TRAINING FOR BOUTS
NEW YORK, May 9.—As the ten heavyweights facing the elimination contests at Yankee Stadium Saturday for the Milk Fund Card bouts finished off their training today and a score of battered sparring partners sighed relief, promoters made preparations to care for the greatest crowd that ever witnessed a pugilistic carnival.

Predictions of promoters, based on the advance demand for seats, were that close to 100,000 persons would be in the vast amphitheatre when the starter boomed up to the spectators thru amplifiers the identities of the performers in the first match. They would eclipse the crowd of more than 90,000 that saw Georges Carpentier knocked to the canvass at Bob's thirty acres, Jersey City, July 2, 1921.

The heaviest of the heavies entered in the show, Jess Willard, shook the heads of two sparring partners with vicious lefts today in his final hard workout. Jess will spent tomorrow and Friday in exercises to improve his wind. He expects to go into the ring weighing 242 pounds and hopes to finish young Floyd Johnson within eight rounds.

But Johnson, as confident a youngster as ever battled in the ring, thinks he will be able to wear out the aged former champion in about 12 rounds. Johnson suffered a slight cut over his left eye sparring with Alex Hart, the Philadelphia lightweight, yesterday, and will do no more sparring. His trainer, Willie Lewis, said today that Johnson was in superb condition.

Jack McAuliffe, of Detroit and Luis Firpo, the South American champion, principals in the other 15 round match, appeared today to be the finest physical specimens of the lot. The massive Firpo, both in condition and fighting style has improved wonderfully since his engagement with Bill Brennan. His opponent will be not so powerful is younger and has had more thorough schooling.

Fred Fulton, the Minnesotan and Jack Renault, Joe McCann and Bill Drake, the Englishmen, Alrich and "Toney" Herman, matched today the preliminaries, reported themselves to be fit tonight.

RAIN, COLD AND SNOW POSTPONES GAMES

NEW YORK, May 9.—Rain, cold weather and snow today played havoc with baseball schedules, causing the postponement of eleven out of sixteen games in the major leagues, international and American association.

In the major league games, two in the national and three in the American league were postponed because of weather conditions. All of the international league teams were forced into idleness while the American association contests also were called off.

Snow caused postponement of the American league game in Detroit between the Tigers and Washington and at Rochester between Baltimore and Rochester international league clubs.

Special Sunday evenings "for lovers," at which the men are allowed to smoke, were a recent experiment in a movie house at Sutton, England.

N. C. C. A. WILL LET PADDOCK COMPETE

CHICAGO, May 9.—Invitations to the colleges of America to enter their athletic students in an international track and field meet were mailed tonight by Major John L. Griffith, commissioner of athletics of the Western conference and a member of the committee of the meet.

The meet will be held at the University of Chicago field June 15 and 16. It will be sponsored and conducted by the National Collegiate Athletic association, which is composed of two hundred of the leading colleges and universities of the country. The competition will be open to all college athletes provided each has won a place in a conference, state, sectional or a general intercollegiate meet. The event promises to be second only in importance to the Olympic games as it brings together the winners of the twenty sectional meets being held throughout the country. The University of California captured the team trophy last year but the University of Michigan with a well balanced team promises to be a contender for the 1923 honors.

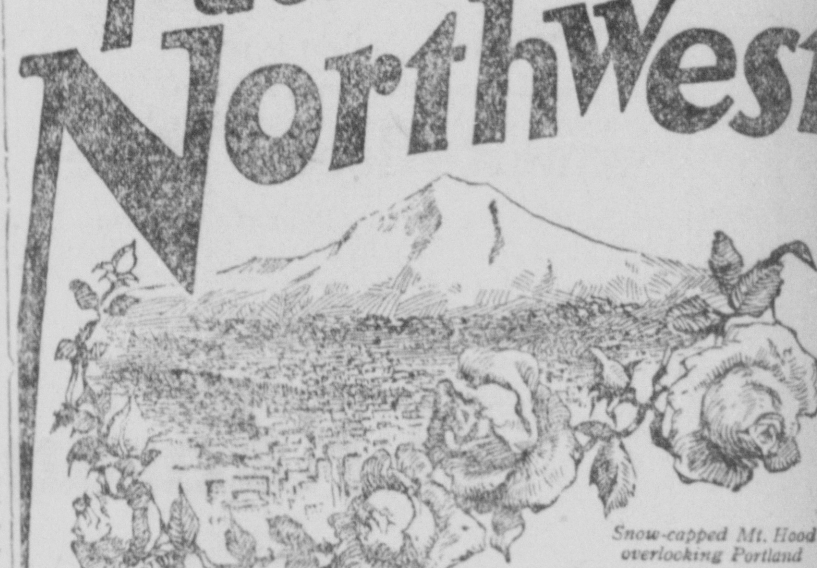

The announcement that the University of Southern California would enter a team provides another angle to the controversy of the National A. A. U. over Charles Paddock, the fastest man.

The national collegiate association will welcome Paddock as a contestant in the Chicago meet, according to Major Griffith. Permitting Paddock to compete in the meet after the A. A. U. had held him as an outlaw on account of his unsanctioned trip to Paris will be the challenge to a finish fight between the A. A. U. and the National Collegiate Athletic association.

Entries for the meet will close with A. A. Stagg, director of athletics at the University of Chicago on June 5.

Eight weeks employment for 1000 men was recently provided by the men by an exploration party.

Beautiful Terre Haute
Girl Praised Tanlac
For Recovery

"I have gotten such splendid results from Tanlac myself. I often go out of my way to recommend it to others," recently declared Miss Frances Mae Gosnell, beautiful and popular young lady of Terre Haute, Ind., residing at 1340 N. 12th St.

"I was in a badly run down condition, suffering from indigestion, extreme nervousness and no appetite. I was losing weight, had awful headaches, and my sleep was always restless. I just felt weak and sick all the time, and was continually growing worse.

"Soon after I started taking Tanlac I began to eat with relish and then I knew I was on the right road to recovery. Sure enough, the treatment has ended my troubles and increased my weight, and I never felt better than I do now. I'm just as grateful as can be to Tanlac."

Tanlac is for sale by all good druggists. Take no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

LUMBER JACK
MISSIONARY COMING

Since the lumbering and log-
ging industry up in the North-
west has again come back into its
own, interest is reviving in the
welfare work now being conducted
among the lumber jacks of the
state of Washington. Many of
these men practically bury them-
selves in the giant redwood for-
ests along the Canadian border,
and the only touch with the out-
side world comes, with the peri-
odical visit of the logging camp
evangelist. These hardy sons of
the timber frequently have a
grudge against the Carpenter of
Nazareth because of the actions
at home of his disciples, and it
is one of the difficult positions
in which the missionary finds him-
self. Many of the citizens of Jack-
sonville will never make a trip
into the redwood forests of the
North, but on next Sunday night
at the First Baptist church, they
will be able to get first hand in-
formation from a logging camp
missionary in the person of Rev.
D. K. Laurie of Tacoma, Wash-
ington.

Rev. Laurie is a relative
of the Laurie family on Prospect
street and is known to a number
of the citizens of Jacksonville.
He is enroute to a convention at
Indianapolis and will stop off at
Jacksonville to deliver this mis-
sionary address and visit with
relatives.

It is thought that the Conserva-

entertainment for the mass meet-
ing at the high school auditorium
here Monday evening. Arrange-
ments for the meetings are being
rapidly perfected and it is planned
to make the week a winner for
community co-operation. It has
been necessary to refuse meet-
ings to several towns outside the
county, as there will not be suf-
ficient nights in the week to ac-
commodate all.

**ELECTRIC SIGNBOARD

will no doubt be installed and
lighted without delay. Visitors
entering the city at night will
be able to read the entire sign
and know what manner of city
he is approaching.

Pimples. It makes it fit to circulate.
S.S.S. is acknowledged to be one
of the most powerful, rapid and ef-
fective blood-cleansers known. You
don't have to use some new fad

You don't have to smear things on
your face in a vain effort to get rid
of eruptions. Eruptions come from
blood impurities and a lack of rich
blood-cells. S.S.S. builds new
blood-cells. This is why S.S.S.
routs out of your system the im-
purities which cause boils, pimples,
blackheads, acne, blotches, eczema,
tetter, rash. That's why S.S.S.
has done such wonderful work in
freeing thousands from the scourge
of rheumatism. S.S.S. is also a
remarkable flesh-builder. That's
why underweight people can quick-
ly build up their lost flesh, get back
their normal weight, pink, plump

Market Report

By The
Associated
PressRECEIPTS OF WHEAT
ONLY TWENTY CARS

CHICAGO, May 9.—Receipts of
wheat here were only 20 cars to-
day. Offerings continued light
and the demand was fairly good.
Prices were unchanged with
premiums and discounts firm.
Shipping sales here were 5,000
bushels. There were sales of
5,000 bushels to go to store here.
The seaboard estimated around
200,000 bushels worked for ex-
port.

Corn closed 4c higher, with
premiums unchanged to 4c higher.
Cash sales here were 100,000 bu-
shels. Demand for corn was good
and receipts were light, only 36
cars. The seaboard said very lit-
tle export inquiry was in evidence.

Oats closed 4c higher, with
premiums unchanged to 4c better.
Shipping sales were 100,000 bu-
shels. There were sales of 25,
000 bushels to go to store here.
The receipts totaled 70 cars.

CHICAGO, May 9.—Receipts
in the butter market here today
were light due in part to late
trains and as a result supplies of
all grades on the street were well
cleaned up. The market in gen-
eral was kept steady to firm.
At the same time trading was lim-
ited not entirely by short supplies
but probably mostly by the policy
to operate cautiously. Dealers al-
so do not have enough confidence
in the situation to carry a sur-
plus. Practically no cars were
available and some selling to ar-
rive were at slight premiums.

**WHITE HALL PLANS A
CHAMBER OF COMMERCE**

Movement Under Way to Bring
About Such an Organization
Other News from White Hall.

White Hall, May 8.—P. F. Barth of Chicago, representing the Illinois Chamber of Commerce, is in town to remain during the week in the interest of the move to bring about the organization of a Chamber of Commerce in White Hall. On Thursday evening a banquet will be held in the Knights of Pythias hall for the purpose of crystallizing the movement. Tickets are finding ready sale at one dollar. Negotiations were opened today for the presence of a delegation from Jacksonville, as the Chamber of Commerce of that city has been giving aid in the movement at White Hall. Thursday is also the date for the awarding of the prizes in the Prosperity Campaign that has been in progress since February 1st, and plans are under way for making it a notable occasion. At 1 o'clock the K. of P. band will begin a concert. The polls close at 3 o'clock and at 3:30 the drawing will take place in Whiteside park, according to the statement of John W. Wright, but there is a counter move to have the drawing from a platform on Main street. The awarding will be by that famous radio announcer, Edward Carr Pearce. Some idea of the magnitude of the campaign will be had from the fact that 3,500,000 coupons have so far been delivered to the committee in charge, headed by E. J. Lukeman, W. W. Evans, Guy Lowenstein et al.

May Have Golf Course
Golfing has not made its appearance at White Hall, and it is a matter of wonder what became of the opportunity of organizing last winter when a splendid sentiment had developed among Roodhouse and White Hall leading citizens to bring to a realization a course on Gregory Farm. The subject is referred to in a communication from Chas. E. Pearce of Quincy, as follows:

"I've taken up golf, and am quite a nut on it by this time, although I've played only a little. Went out yesterday and lost two balls, but had an excellent time. Always feel much better when the game is over than before. It's the good air and green hills, the exercise and total indifference to everything else. I suppose that is why so many older men enjoy it, for you cannot have a single worry on your mind while you play; your entire attention is absorbed in playing. I belong to the Indian Hill Golf Club, just forming, and we use the municipal links at present, but plan to have a club house in the future. This whole town has gone half crazy since the links were put in the South Park over a year ago. White Hall could have a splendid course if they could raise the money. There is some wonderful land around Gregory Farm."

News Notes

The death of Arthur F. Shepard, one of the well known farmers of Greene county and a supporter of higher education, occurred at 4:15 p. m. Monday in his home, one mile west of White Hall. He was a victim of kidney trouble, and was taken seriously ill a little over a week before his death. His end was not unexpected to the immediate family.

His age was 72 years, and he was a native of Canton, New York. He came to Greene county forty-two years ago, being located in the vicinity of Greenfield until coming to White Hall twenty-one years ago. He was a farmer of the advanced type, accomplished as a reader and investigator. His wife was formerly Miss Alice French of the vicinity of Greenfield, and they were married after his coming to Greene county. The children are John, professor of psychology in the University of Michigan, Ann Arbor; Winnifred, teaching in Chicago; Mrs. Mary Baker, Roodhouse; Mrs. Clara Bell and Seth at home, and Alice, who is taking training in nursing at Passavant hospital, Jacksonville.

Arrangements for the funeral have not been completed, but they will not be held before Thursday. The burial will be in Rubicon cemetery.

A brother resides in New York, and another brother and a sister reside in Wyoming.

Work shoes \$1.98, dress shoes \$4.85. Hopper's.

NOTICE

Sealed bids for refreshment concession at Nichols park for the season, will be received at office of Secretary of the Park Board, 217 So. Sandy street, up to 12 o'clock noon Thursday, May 10, 1923. Board reserves right to reject any or all bids.

Folks! It's the beginning of our third year, serving the good people of this city and surrounding country. We have tried to give 100% value and service, and believe we have succeeded. Right here we wish to thank you for your loyal support given us, making it possible for us to proceed, and we wish to continue the pleasant relations. We wish to show our appreciation of your trade in the past, and are making a radical reduction in our prices to prove that our heart is in the right place, **GIVING YOU ALL THE PROFITS DURING OUR ANNIVERSARY WEEK.** We don't reckon our business in dollars and cents during this sale, but in the number of new and old customers that help us in the volume of business, and help themselves in an economic way. We appreciate your presence here and want to see you here every day of Celebration Week. We give away a pair of shoes every day. You may be lucky.
